

# Brussels & Bruges

**Brussels, the capital city of Belgium and the first city of Europe. This beautiful city is an obvious choice for politics, business and history students alike. It presents students with an intensely cosmopolitan atmosphere in which the many facets of European identity come to life.**

Bruges, 'the Venice of the North' is a truly breath taking destination for school trips, and is the best preserved mediaeval city in Belgium. This makes it the ideal choice for those studying the history of the middle ages, as well as those with a focus on art and architecture.
